

SUBMISSION PROCEDURE

PART A **Submit to turnitin.com** **Thursday, January 11th, 2018 by 5:00pm**

- **Only the STUDENT LEAD is to log into Turnitin.com as assigned by DECA Ontario**
- **DO NOT wait until the last minute to electronically submit. Excuses of technical difficulties, server issues, and power outages will not be accepted as reasons for not submitting on time.**
- **Failure to follow instructions will lead to a penalty deduction.**

Students enrolled in DECA Writtens Events will be sent their invitation with password from Turnitin on **December 21st, 2017**. If the students are in a team, only one of them has access to the program, the one who is **alphabetically first** by last name. Please ask them to check and make sure that they have received it; have them check their junk or spam folders as well.

If they have used Turnitin before, their old profile is saved under their old login and password and they will have a new class appear for uploading their file. If they have forgotten their password follow the steps below. Please have them check that they can access their class.

Students may re-upload their file as often as they want, until January 11; **highly recommended**. It will tell them their plagiarism percentage each time, and they can correct their errors in annotating material they have downloaded. They should not worry about sentences like "Toronto has a population of 2.5 million." There are not a lot of other ways to make that statement and any plan that requires a description of the demographic will have the same sentence. However, if they have copied 5 sentences from the Toronto.ca website they need to annotate it.

If the student who was first in the alpha list resigns from the team please let me know and I will re-register the team under the next student alphabetically. Email vicki@deca.ca regarding these types of issues.

Naming Convention: EVENT CODE–SCHOOL-LAST NAMES [i.e. ADC – East York CI – Plagianakos, Smith]

When you are ready to upload and submit a FINAL entry, BEFORE you log off, print a confirmation receipt to ensure you correctly uploaded the document.

If you already have an account and you already submitted papers in previous DECA competitions and you have **forgotten your password**:

1. Go to: https://www.turnitin.com/password_reset1.asp
2. Enter the email address you used to register with DECA Ontario. Also enter your "last name" and then click "Next."
Note: your "last name" is whatever is stored in your DECA user profile.
3. The system may ask you for the answer to your secret question. This is if you were previously in Turnitin, and have just forgotten. Enter the answer and click "Next" to reset your password immediately. Otherwise, click "**Forgot the Answer**" and an email will be sent to you with a unique password (re)set link.
4. Once you receive the password reset email, you must use the link provided within 24 hours to set a new password. Please remember that the new password is case sensitive, must be alpha numeric, and contain between 6-12 characters. Example: Password1.

Research and report writing are important elements of modern business activities. Great care must be taken to assure that the highest ethical standards are maintained by those engaging in research and report writing. To reinforce the importance of these standards, all written entries in DECA's Competitive Events Program must submit this statement as part of the entry.

I understand the following requirements are set forth by DECA Inc. for all Competitive Event entries containing a written component. These requirements are additional to the general rules and regulations published by DECA Inc. By signing this statement, I certify that all are true and accurate as they relate to this entry.

PROJECT ORIGINALITY

In many written events, chapters have settled on a strategy that uses the same well-developed projects year after year. Succeeding chapter teams often take the previous year's successful project and seek to improve it. If that strategy works in achieving a chapter's goals and the experience teaches the principles of DECA, the strategy serves the chapter, the community and DECA well.

Chapters submitting entries for chapter team events, however, should be challenged to do more than update the previous year's written project. Project committees should avoid even reviewing the previous year's entry. Judges (whose assignment is to evaluate a project according to established guidelines) will be impressed by the originality of a chapter's project.

Plagiarism of projects judged previously will automatically disqualify a chapter from competition and eligibility for awards.
